Woodwinds and Brass ([Click here to view sample woodwinds/brass audition video](#)):

- Step 1: Slowly announce your name and state.
- Step 2: Repeat your name, and then give your instrument.
- Step 3: Begin playing the Chromatic scale (as many octaves as you can play it).
- Step 4: Play the major scale of your choice.
- Step 5: Play a solo and/or technical study to demonstrate your skills.

Percussion ([Click here to view sample percussion audition video](#)):

- Step 1: Slowly announce your name and state.
- Step 2: Repeat your name, and then give your instrument.
- Step 3: Perform the following rudiments on snare : Closed Stroke Roll (buzz roll), Single Stroke Roll, Paradiddle, Flams, Flam Tap
- Step 4: Perform the following scales on any keyboard instrument: Bb Major, Eb Major (one octave each)
- Step 5: Play a portion of your marching band show music or drum cadence on your marching instrument, or a technical snare solo.

Chorus:

- Step 1: Slowly announce your name and state you live in.
- Step 2: Repeat your name, and then give your voice part (*Soprano, Alto, Tenor, Bass*).
- Step 3: Starting on any comfortable pitch, sing (unaccompanied) the song "America The Beautiful" (Oh beautiful for spacious skies, etc). Be sure to sing the melody and please keep the tempo between 96 and 110mm. Sing one verse expressively and accurately without scooping in and out of pitches. You are auditioning for an ensemble, not a solo.
- Step 4: Sing a 2-octave scale using the sentence "Your name's 2019 audition" on each note. Example: "Taylor Swift's 2019 audition." For this part of the recording, do not sing softly, but sing with a full voice on each note. If you have access to a piano, you can play the pitch before singing each sentence, but when you sing the words, you should sing unaccompanied. Please connect (don't breathe in between) two or more sentences. Sing the entire sentence on each note of the ascending major scale. You can sing these words with any rhythm that you choose, but sing them slowly on each pitch. You should sing through register breaks with beautiful tone through-out your range. All singers should demonstrate they can use their upper register.
- Optional: If you would like to record additional singing, you may do so AFTER the required audition. It is not important to membership in the National Chorus that you do anything with this part of the audition. This is strictly optional. If you are including additional audition material, please note this at the beginning of your audition video. This note is important as the Director may not know to continue listening past the fourth section of these instructions.
